

Police Civilian Employee Training Opportunity

IMPLICIT BIAS IN THE WORKPLACE

Participants will develop an understanding of how implicit bias impacts the work environment. Individual stereotypes and unconscious beliefs can discourage employee participation in solving problems, thwart imagination, and lead to a reduction in organization productivity. Additionally, when left unmanaged, such biases create a toxic work environment that may become unsafe while also fostering workplace discrimination allegations.

Continuing Education Approvals:
CPWM - 1.5 Ethics CEU Credits
RMC - 1.5 Ethics CEU Credits
CMFO/CCFO - 1.5 Ethics CEU Credits
CTC - 1.5 Ethics CEU Credits
