## CONFINED SPACE AWARENESS (NON-ENTRY)

The classroom portion of the Confined Space Awareness training, as presented by J.A. Montgomery Consulting, reviews the definition of a confined space, the hazards of a confined space, and the general prohibitions for entering and working within confined spaces.

It is the responsibility of the employer to review the following specific procedures and policies for their facilities.

Elements to be Reviewed by a Representative of the Employer	Rep. Initials	Date

If there are non-permit-required confined spaces that the employee may enter to perform specified tasks, review the specific circumstances that must be verified before entry can be made.		
Review the process for reporting unusual conditions that arise when working in a non-permit-required confined space.
