

EMPLOYER TRAINING GUIDE

EXCAVATION, TRENCHING & SHORING

The classroom portion of Excavation, Trenching & Shoring, as presented by J.A. Montgomery Consulting, reviews the safety regulations of OSHA, ANSI, and the MUTCD.

It is the responsibility of the employer to review the following specific procedures and policies for their organization.

Required Knowledge to be Reviewed by a Representative of the Employer	Rep. Initials	Date
Review of the excavation safety program, policies, and procedures for the agency's equipment		
The availability, proper use, and limitations of the agency's shoring equipment		
The name and contact information for the agency's Competent Person as defined by OSHA		
Demonstrated Skills to be Verified by a Representative of the Employer	Rep. Initials	Date
Given a selection of soils, can identify the type of soil according to one of the OSHA classification tests.		

Student(s) who completed the above training:
