

SAFETY RECALL ALERT

HUSQVARNA RECALLS GRASS TRIMMERS DUE TO FIRE HAZARD

**Name of Product:**

Husqvarna Professional Products
Gas-powered Grass Trimmers; Model numbers 330LK, 130C, & 130L

Hazard:

Incorrect wiring in the ignition module on the recalled grass trimmers can cause an electrical spark or arcing, posing a fire hazard if gas is on or near the unit.

The firm has received 12 reports of the recalled grass trimmers catching on fire, electrical spark or arcing, including two reports of property damage and one report of a consumer who suffered burns on their leg and arm when they attempted to extinguish a fire.

Remedy:

Consumers should immediately stop using the recalled grass trimmers and contact an authorized Husqvarna dealer to receive a free repair. The dealer locator is available at <https://locations.husqvarna.com/us/>.

Recall Date:

February 08, 2024

This [recall](#) involves gas-powered Husqvarna Grass Trimmers with model numbers 330LK, 130C and 130L. The trimmers are orange and gray. "Husqvarna" and the model are printed on the motor housing. The SKU number is printed on the serial number tag on the bottom side of the motor housing. SKU numbers included in this recall are as follows:
